An Introduction

Cellular Realty is the real estate sister concern of the Cellular Group, operating under the “Cellular” brand of Aditi Infrabuild & Services Limited — a business with an established base in logistics, construction and infrastructure. The brand focuses on organised plotted development across Delhi NCR, with a particular presence in Haryana.

The name Cellular is drawn from a single cell of the honeycomb — the honey bee’s dwelling, precisely designed and engineered. That cell represents the steady, prosperous growth of the family it shelters.

In the same spirit, Cellular Realty builds societies of well-organised, precisely engineered homes, where residents advance in prosperity and family life, living much as a colony of bees does — with cooperation and harmony.

The brand has completed developments in Farrukhnagar and Jhajjar, with South City 2 ongoing and three further developments planned.

OVERVIEW

Cellular Realty at a Glance

Established	2005
Parent legal entity	Aditi Infrabuild & Services Limited
Public brand	Cellular Realty (Cellular Group)
Principal sectors	Real estate, building & construction, roads & infrastructure, external development, logistics

Corporate Origin

The business was incorporated in 2005 as M/s MPM Logistics Private Limited, with logistics as its early core activity. In 2011 it was renamed and converted to Aditi Infrabuild & Services Limited — the parent company — as it moved into building and infrastructure. Over time, family-owned group companies were brought together to form a wider group with a shared base in construction and infrastructure.

The business first worked alongside main contractors on major road projects, and then developed capability in mid-to-high-rise commercial and residential building works.

From 2017, the group entered land and plotted development, converting land parcels into usable residential and commercial spaces, including independent floors. Cellular Realty was established as the public-facing real estate brand — the real estate sister concern of the Cellular Group.

The name reflects the group's philosophy of building communities cell by cell, like a honeycomb: each home carefully engineered, each community planned so that families may grow and prosper together. The promoters are from Haryana, born in the state and raised in Delhi NCR, with grass-roots ties across the region that inform how the brand selects land and plans its communities.

Parent Company & Legal Identity

Cellular Realty operates as the real estate sister concern of the Cellular Group, under the “Cellular” brand of Aditi Infrabuild & Services Limited.

The exact registered name of the parent entity is Aditi Infrabuild & Services Limited — a non-government company first incorporated in 2005 and registered with the Registrar of Companies for the NCT of Delhi and Haryana.

The group’s companies are closely held and are used as special-purpose vehicles (SPVs), each holding or developing a specific project. The corporate and legal entities are set out in full later in this profile.

“Built cell by cell, like a honeycomb — each home engineered with care, each community planned for lasting, shared prosperity.”

MILESTONES

Our Journey

Vision, Mission & Values

VISION

To be a trusted name in real estate, construction and infrastructure across India, creating well-planned, compliant developments that support modern urban living and lasting value.

MISSION

To plan and deliver plotted communities, residential societies, industrial and commercial spaces and infrastructure through sound construction and reliable execution, while building durable relationships with customers, partners and institutions.

CORE VALUES

Integrity

Accountability

Quality

Safety

Compliance

Long-term Value

THE OPPORTUNITY

Why Jhajjar & Delhi NCR

A district bordering the national capital, set to become an epicentre of business activity over the coming two decades.

Reliance MET City

600+ companies from 11+ countries and 40,000+ jobs, set to house 10-40 lakh people — driving vast housing demand.

Green Corridor

The proposed six-lane Gurugram-Jhajjar corridor brings Gurugram within ~30 min and IGI within ~40 min.

World-class Amenities

AIIMS at Bhadsa and an upcoming International Cricket Stadium.

KMP & HORC

The KMP Expressway and Haryana Orbital Rail Corridor form a major economic and freight loop across North India.

A Self-sufficient City

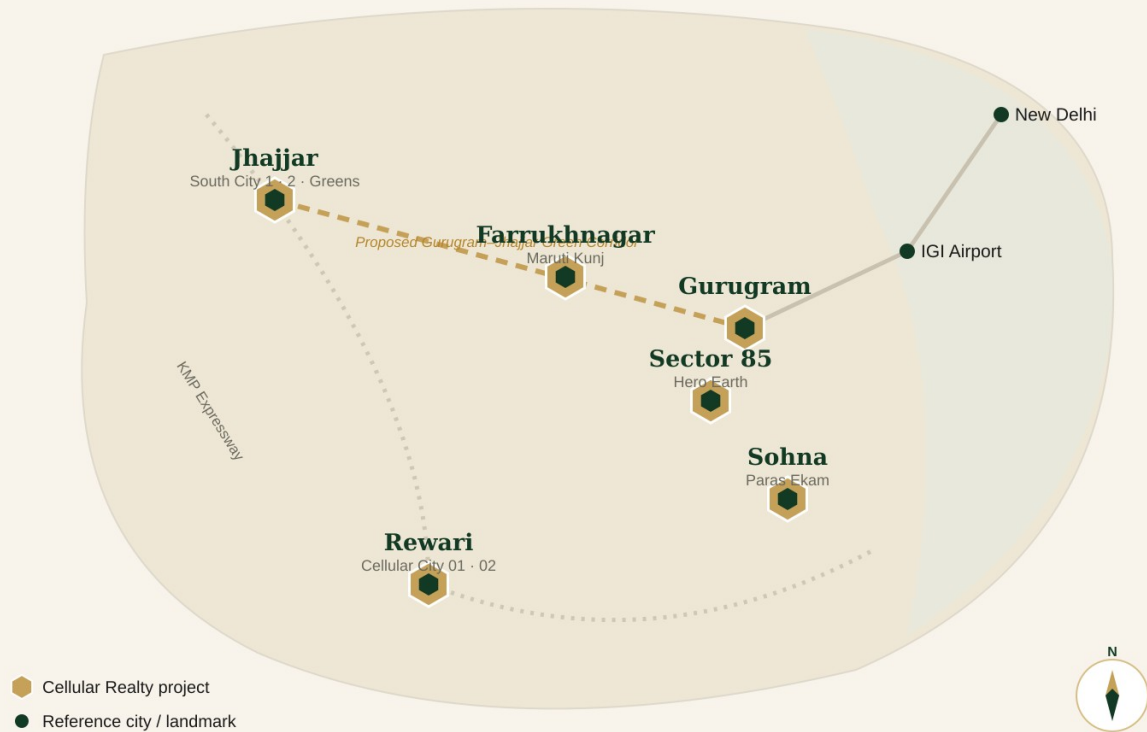

District Headquarters and Police Commissionerate for strong law and order.

Wealth Corridor

Sectors 36 & 37 connect to the corridor via the proposed 75 m sector road through South City Greens.

Projects Across Delhi NCR

Cellular Realty develops across the high-growth Haryana belt of Delhi NCR — Jhajjar, Rewari, Farrukhnagar, Sohna and Gurugram — concentrated along the corridors driving the region's next decade of growth.

The Board

Mr Manoj Bansal

CHAIRMAN & MANAGING
DIRECTOR

Mr Rahul Bansal

CHIEF EXECUTIVE OFFICER

**Mr Purushotam Das
Bansal**

CHIEF OPERATING OFFICER

Mr Parvesh Bansal

CHIEF DEVELOPMENT OFFICER

Mr Yogesh Bansal

DIRECTOR OF SALES

Cellular Realty is led by a five-member board that combines experience in finance, operations, infrastructure, development planning and sales. Together, the team brings financial discipline, operational depth, technical planning and market reach to the group's real estate, construction and infrastructure work.

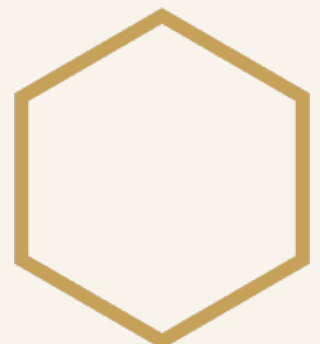

Mr Manoj Bansal

CHAIRMAN & MANAGING DIRECTOR

Mr Manoj Bansal is a postgraduate in science and holds a doctorate in business entrepreneurship, with over two decades of experience across finance, logistics and building infrastructure.

As Managing Director, he has been central to the group's transformation and growth, guiding its move from logistics into construction and real estate. Drawing on early experience in establishing closely held financial services enterprises, he built a strong foundation in capital structuring and risk management.

Today he oversees the group's financial structure and provides overall strategic direction, balancing growth ambitions with financial discipline, stakeholder trust and sustainable development.

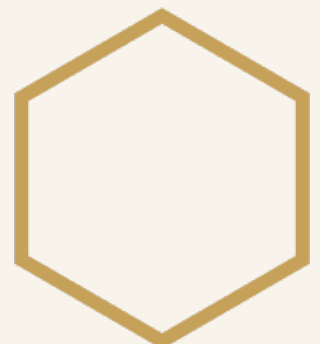

Mr Rahul Bansal

CHIEF EXECUTIVE OFFICER

Mr Rahul Bansal is a graduate in Business Administration with an MBA in International Business Management, bringing over a decade of cross-functional experience across commerce, finance, licensing and liaisoning.

He has led business development, bidding and tendering, and procurement, aligning the group's commercial strategy with its long-term growth objectives.

As Chief Executive Officer, he directs the organisation's commercial strategy and long-term growth, with a focus on durable, mutually beneficial relationships and responsible growth with a positive impact on the communities the group works with.

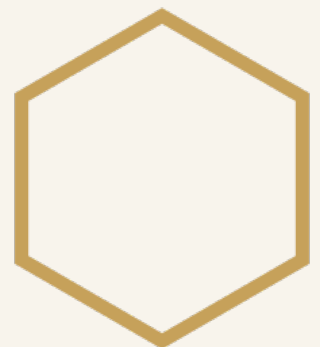

Mr Purushotam Das Bansal

CHIEF OPERATING OFFICER

Mr Purushotam Das Bansal brings over two decades of experience in infrastructure development and has been central to strengthening and expanding the group's road and highway construction work.

His expertise spans end-to-end project execution, operational planning, resource management and stakeholder coordination, supporting consistent delivery across large and complex projects.

As Chief Operating Officer, he leads day-to-day operations and oversees the execution of multiple projects across locations, managing cross-functional teams and aligning execution with the organisation's objectives, with a focus on efficiency, quality, safety and timely delivery.

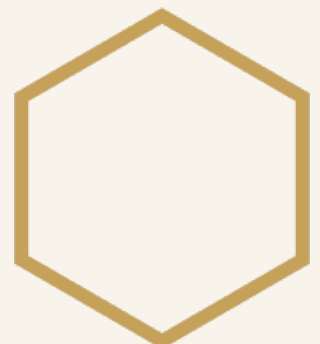

Mr Parvesh Bansal

CHIEF DEVELOPMENT OFFICER

Mr Parvesh Bansal holds a Bachelor's degree in Civil Engineering from RIT, Bangalore, and a postgraduate diploma in Advanced Construction Management from NICMAR, Pune, with over a decade of experience.

Before joining the group, he worked as Site Planner at Wave Estate, Mohali, and as Regional Planning Head for North India at Shapoorji Pallonji Company Private Limited, and was involved in planning for national projects including the ITPO Pragati Maidan redevelopment and the Central Vista Avenue project.

As Chief Development Officer, he leads project development and planning at Cellular Realty.

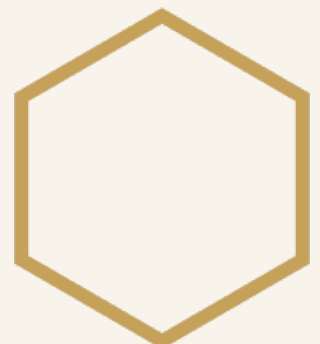

Mr Yogesh Bansal

DIRECTOR OF SALES

Mr Yogesh Bansal is a commerce graduate with more than fifteen years of experience in the construction and infrastructure field.

As Director of Sales, he leads the company's sales function, overseeing customer engagement, channel-partner relationships and the sale of the group's developments.

His close understanding of the Delhi NCR market and of buyer expectations supports the brand's focus on transparent dealings and dependable handovers.

Business Portfolio

Real Estate Development

Plotted communities, residential societies, industrial and commercial spaces, supported by core infrastructure.

Building & Construction

Residential, commercial and government building works, including independent floors and institutional buildings.

Roads & Infrastructure

Roads, highways, bridges and drainage for government departments and main contractors.

Trunk & External Development

Boundary walls, utilities, water and sewage systems, landscaping and hardscape.

Logistics & Supply Chain

Material supply and transportation for large infrastructure projects.

Corporate & Legal Entities

Registered entity	Relationship	Notes
Aditi Infrabuild & Services Limited	Parent / corporate origin	Construction & logistics; govt and private-sector
Silver Lake Buildtech Private Limited	Joint-venture partner	Licensee, Maruti Kunj
Vedmaan Group	Joint-venture partner	Licensee, South City 1
Cellular Consultants Private Limited	A unit of Cellular Realty	Licensee, South City 2
A A Gems Private Limited	A unit of Cellular Realty	Licensee, South City Greens
Jai Deepak Realty Private Limited	A unit of Cellular Realty	Licensee, Cellular City 01
New India Infrahousing Private Limited	A unit of Cellular Realty	Licensee, Cellular City 02
AR Agro Industry Private Limited	A unit of Cellular Realty	Real estate
YPR Infrabuild Services Private Limited	A unit of Cellular Realty	Developer — Maruti Kunj, South City 1, 2 & Greens

All the above-mentioned companies are closely held by the group and are used as SPVs (special-purpose vehicles).

Real Estate Development Strategy

Cellular Realty focuses on plotted development in growing corridors of Delhi NCR, centred on careful land selection, organised planning and compliant execution.

The brand develops land parcels into demarcated plots supported by core infrastructure and essential amenities. Layouts are planned for efficient land use, ease of access and an organised living environment, with attention to connectivity and long-term usability.

The strategy combines the group's real estate focus with its construction and trunk-infrastructure strengths, allowing plots to be delivered with proper roads, drainage, water, sewerage and electrification.

The aim is to create organised, future-ready communities that hold their value over time — developments that serve both end-users building their homes and investors seeking sound, long-term returns.

Plotted-Development Approach

Site Selection

1

Land chosen for access, suitability and growth potential.

Planning

2

Organised layouts that use land efficiently.

Regulatory Compliance

3

Development under DTCP licences and RERA.

Trunk Infrastructure

4

Roads, drainage, water, sewerage and electrification.

Community Design

5

Green pockets, open areas and shared amenities.

Handover

6

Clear communication from planning to possession.

COMPLETED PROJECT

Maruti Kunj

COMPLETED

Construction & Building

The group executes projects across residential, commercial and mixed-use building sectors, with strength in end-to-end solutions for small to mid-size projects, mass housing and high-rise segments.

Building works include earthworks; concrete and RCC; assembly and erection of structures; stone and tile flooring and cladding; interior finishing; mechanical, electrical and plumbing works; ELV and firefighting; façade; and external development.

The group has delivered building projects for NBCC and public bodies, including office and residential buildings and a railway project, supported by qualified engineers, skilled manpower and established construction practice.

Buildings

RCC & Structures

MEP & Finishing

Firefighting

Roads & Infrastructure

The group has an established record in all-terrain, all-weather road works, including road-over-bridges, foot-over-bridges, major and minor bridges, railway projects and drainage, executed in remote areas and under challenging conditions.

With more than fifteen years of experience, the group has the trained manpower, qualified engineers and machinery needed to complete infrastructure projects to schedule and standard.

Work has been carried out for government departments such as PWD Haryana, PWD Jammu, PWD Rajasthan and East Coast Railway, and as a sub-contractor to major infrastructure companies.

Roads & Highways

Bridges

Railway

Execution

Trunk & External Development

The group carries out trunk-infrastructure and external-development works that convert land from a natural or semi-natural state into serviced residential or commercial space.

These works include boundary walls and gates; public health engineering; electrical works; rainwater harvesting; firefighting systems; water and sewage treatment plants; landscaping and land development including horticulture; hardscape; and associated roads.

The group has completed such works for several plotted colonies across Gurugram, including Maruti Kunj, Paras Ekam and Hero Earth - The Arc.

IN THEIR WORDS

What Our Customers Say

"From documentation to possession, the entire South City 1 process was clear and on time. The gated layout and green spaces are exactly what we hoped for our family."

HOMEBUYER, SOUTH CITY 1

"What drew me was the compliance — a DTCP licence and RERA registration on every project. South City 2 has appreciated well, and the paperwork was completely hassle-free."

INVESTOR, SOUTH CITY 2

"I have worked with several NCR developers. Cellular Realty stands out for transparent dealings and timely handovers — it makes recommending them to my clients easy."

CHANNEL PARTNER

Illustrative testimonials shown for layout. Verified customer feedback will replace these.

Let's Build the Next Community Together

We welcome landowners for joint development, investors and institutions for long-term partnership, and homebuyers seeking well-planned, licensed communities.
